11. _____

12. _____

OBSERVATIONS & DATA COLLECTION
(Insert additional pages if you need more space.)

CONCLUSION

(Insert additional pages if you need more space.)

Make sure that your conclusion includes the following points:

1. Restate your hypothesis
2. Tell whether your hypothesis was correct
3. Use your data to explain
4. Tell what you learned from the experiment
5. Explain what you would do differently next time
